

For the use of a Registered Medical Practitioner or Hospital or a Laboratory only

NEW DEWSOFT KID

(Colloidal oatmeal 5% moisturizing & bathing bar)

COMPOSITION

Colloidal oatmeal..... 5.00% w/w

Ingredients:

Soap base-Syndet, Colloidal oatmeal, Perfume, Aloe vera Extract, Tinogard.

DESCRIPTION

Colloidal oatmeal 5% moisturizing & bathing bar. New Dewsoft Kid is a moisturizing and cleansing bar that contains natural colloidal oatmeal fortified with a unique blend of natural oils and emollients. Material has been tested for dermatological safety and found safe to human skin.

INDICATION

New Dewsoft Kid is indicated as bathing bar in dry skin conditions.

CONTRAINDICATIONS

Hypersensitivity to any of the ingredients.

CAUTION

FOR EXTERNAL USE ONLY.

Avoid contact with eyes.

Exercise caution when use in patients with skin cuts/infections/sores.

PROPERTIES

This medication is used as a moisturizer to treat or prevent dry, rough, scaly, itchy skin and minor skin irritations (e.g., diaper rash, skin burns from radiation therapy). Emollients are substances that soften and moisturize the skin and decrease itching and flaking. Dry skin is caused by a loss of water in the upper layer of the skin. Emollients/moisturizers work by forming an oily layer on the top of the skin that traps water in the skin

UNDESIRABLE EFFECTS

Most emollients can be used safely and effectively with no side effects. However, burning, stinging, redness, irritation or allergic reaction may occur.

EXPIRY DATE

Do not use later than use before date.

PACKAGING INFORMATION

New Dewsoft Kid is available as 25g and 75g bar.

STORAGE AND HANDLING INSTRUCTIONS

Store at room temperature. Keep away from light. Keep out of reach of children.
