GENERIC NAME

Cuticapil Stem

INGREDIENTS

COMPOSITION

Purified Water, Propanediol, Butylene Glycol, Niacinamide, PEG-12 Dimethicone, Propylene Glycol, Caffeine, Curcuma Longa (Turmeric) Callus Conditioned Media, Sodium Gluconate, Phenoxyethanol, Ethylhexylglycerin, Lecithin, Glycerin, PPG-26-Buteth-26, Urea, Pentylene Glycol, PEG-40 Hydrogenated Castor Oil, Disodium Hydrogen Phosphate, Biotin, Citric Acid, Nasturtium Officinale Extract, Tropaeolum Majus Extract, Apigenin, Phytic Acid, Oleanolic Acid, Biotinoyl Tripeptide-1.

INDICATIONS

Cuticapil Stem is packed with bioactives and micronutrients that help to minimize hair fall, Nourishes and Strengthens hair root.

DIRECTION FOR USE

Make sure your scalp is dry; part your hair in the area of hair thinning; Take 1 ml of Cuticapil and spread the liquid evenly over the hair loss area. If you are using fingers, wash hands with soap and water.

HOW TO USE CUTICAPIL HAIR SERUM?

- Spray 5 to 6 times over the entire scalp evenly and firmly
- Rub with fingers gently
- apply twice daily, after bath and before bed time

CONTRAINDICATIONS

Do not apply on broken skin. Do not use on scalp that is red, painful, cut or infected. Avoid contact with eyes. If contact occurs wash with plenty of water. Do not use if you have hypersensitivity to the active substance or to any of the excipients.

How does Capilia Hair Serum Act?

Procapil targets the root causes of alopecia: poor scalp microcirculation, follicle-atrophy caused by dihydrotestosterone and follicle aging. Apigenin by vasodilatation around hair follicle enhances blood perfusion. Oleanolic acid inhibits production of dihydrotestosterone through Sareductase. Biotinyl - GHK provides anti-aging activity on hair follicle kartinocytes with maintenance of a viable root sheath and enhanced structuring by adhesion proteins responsible for anchorage of hair in the dermis and thus strengthened growth.

Liposome based Caffeine can efficiently modulate the barrier properties of the stratumcorneum and transport its active ingredients deep into the skin where it can effectively treat and reduce hair loss. Caffeine improves hair growth by inhibiting the activity of Sareductase and stimulating cellular metabolism.

Cressantine is an extract of watercress (*Nasturtium officinale*) and Indian cress (*Tropaeolum majus*). It is specially titrated with sulfur and other elements which are needed to produce keratin for solid, well-structured hair.

Biotin Plus enhances the quality of scalp hair in person with fine or brittle hair. It also proliferates hair growth.

DESCRIPTION

CUTICAPIL STEM is a pale yellow to yellow coloured solution.

CUTICAPIL STEM is a combination of vitaminated matrixine (biotinyl GHK) with apigenin a flavonoid from citrus and oleanolic acid from olive tree leaves. Also liposome based Caffeine and Cressantine works on unique mechanism to improve hair growth. It is also enriched with Biotin Plus.

ACTIVE INGREDIENT

INGREDIENTS: Purified water, caffeine Herbasome, Zemea Propandiol, Procapil, DC 193 C, CAPILIA LONGA, Euxyl PE 9010, Cressatine®, Ronacare Biotin plus sodium gluconate

UNDESIRABLE EFFECTS

No known side effects observed. Minor ocular and dermal irritation may occur.
