#### PRESS TRUST OF INDIA Mumbai, July 29

THE RUSSIAN INVASION of Ukraine has not had a significant impact on the on-ground sentiments, and the Indian banking system will record a credit growth of over 10% in FY23, a report said on Friday.

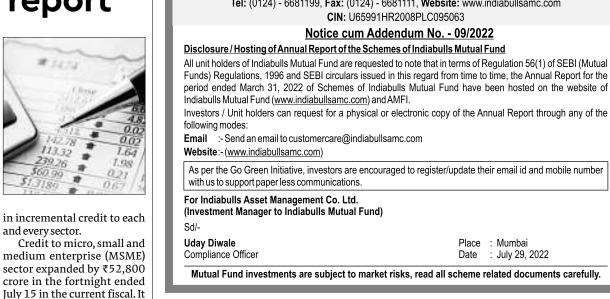

The capacity utilisation is nearing 75% levels, which means that investment activity is expected to strengthen further from here on, the report by economists at the country's largest lender SBI said.

According to latest official data, the non-food credit growth for the system came at above 13% for the fortnight ended July 15.

Last week, Reserve Bank of India (RBI) governor Shaktikanta Das said that as per the central bank's internal data, the same is hovering above 14%. "... the evolving war seems to have not significantly impacted sentiments on the ground," the SBI economists said.
